

Comprehensive Diabetes Care (CDC)

The measure includes people 18-75 years of age with either Type 1 or Type 2 diabetes, who were continuously enrolled in Louisiana Medicaid during the measurement year. The rate (percentage) shows how many of these people had one or more of the respective tests or met other measurement criteria during that year.

Notes:

- Rates shown are for Medicaid-only recipients.
- Rates shown for 2006 through 2010 exclude Medicare dual eligibles and third-party liability.
- Rate shown for 2011 excludes Medicare dual eligibles, but includes third-party liability.
- Claims for 2006 through 2010 have a 6-month claim lag while claims for 2011 have a 3-month claim lag.
